

Year 6 2017 App List

6/12/2016

Dear Parents,

Thank you for your support with the 1:1 iPad Program this year. It has been a wonderful learning journey for both the students and teachers. The program will continue in 2017 and we look forward to your continued support.

There are no new apps required for 2017, but we have reduced the number required on the ipad. Listed below are the apps required. Please remove any additional apps or put them in another folder on the ipad.

Many thanks
Charissa Quartermain
